To log into the Library Catalog you need a login and password.

LOGIN---

Your login is a 7 digit number which is a subset of the numbers on the back of your library card. If you have a newer library card you can find the 7 digits in red. If you have an older library card you can figure out the number by ignoring the first 6 digits and the last digit of the card number. XXXXXX1234567X.

QUESTIONS---

If you have any questions about your login or PIN you can also call us (512-401-5600) and we are happy to help. We will ask you for information to confirm who you are before we can give out account information. The easiest way to confirm your identity is to give us your driver's license number.
